

## HOn3 D&RGW K-27 from MMI

PSC photos of On3 pilot model and On3 production sample.

Inboard and outboard type cylinders. All road numbers available in both paint schemes, black and graphite or with green boiler. Models feature can motors and are DCC ready with GME cam and drilled tender. Full details throughout. This die-cast and brass model from MMI is built to the same standards of excellence you'd expect to find from a Precision Scale brass import. MSRP \$369.00. Some versions sold out, call for availability.
